

NTEA Members: Are you considering buying an air jacket or vest for yourself or a loved one, as added protection in the event of a rider fall? Air vests are becoming increasingly popular among top riders worldwide and have been attributed with reducing injuries and even saving lives. Air jackets/vests have recently been approved by USEA for use in competition as added protection over (not in lieu of) a standard protective vest. Retail prices for these products range from \$349 (certain Hit-Air brand models) up to \$800 (custom Point Two brand model), plus air canisters.

If you are considering buying an air jacket or vest, look no further! Pedco LLC, the US distributor of Hit-Air Equestrian Vests, *has agreed to give NTEA members a discount up to \$50.00 off the purchase of each new Hit-Air jacket or vest, plus donate \$15 per vest to NTEA's scholarship fund.*

Hit-Air vests come in a wide variety of designs to fit adult and child riders of all shapes and sizes - one size does NOT fit all when buying an air vest! In addition to having a good selection of sizes, Hit-Air makes a super light weight model, especially suitable for our Texas heat and for petite riders.

Order online by visiting www.air-vest.com or clicking this link:

http://www.air-vest.com/mm5/merchant.mvc?Screen=CTGY&Store_Code=AirVest&Category_Code=Hit-Air-Equestrian

To obtain the discount, use an NTEA coupon code identified below. Note that the coupons cannot be combined on a single online order. To receive a discount on multiple vests/jackets, please place separate orders.
